Dear Pat,
Remember the
rides to school
and how you'd yell
at us when you were
just starting out. Hope
you get to school on time
next year. Maybe we'll get
to see you and pick you up.
Good luck to a real nice kid

Pat,
It's been fun in study
hall with all the fun and ruckus
that we all got in but good luck
next year. Hope we get in study hall
again.

Foreword

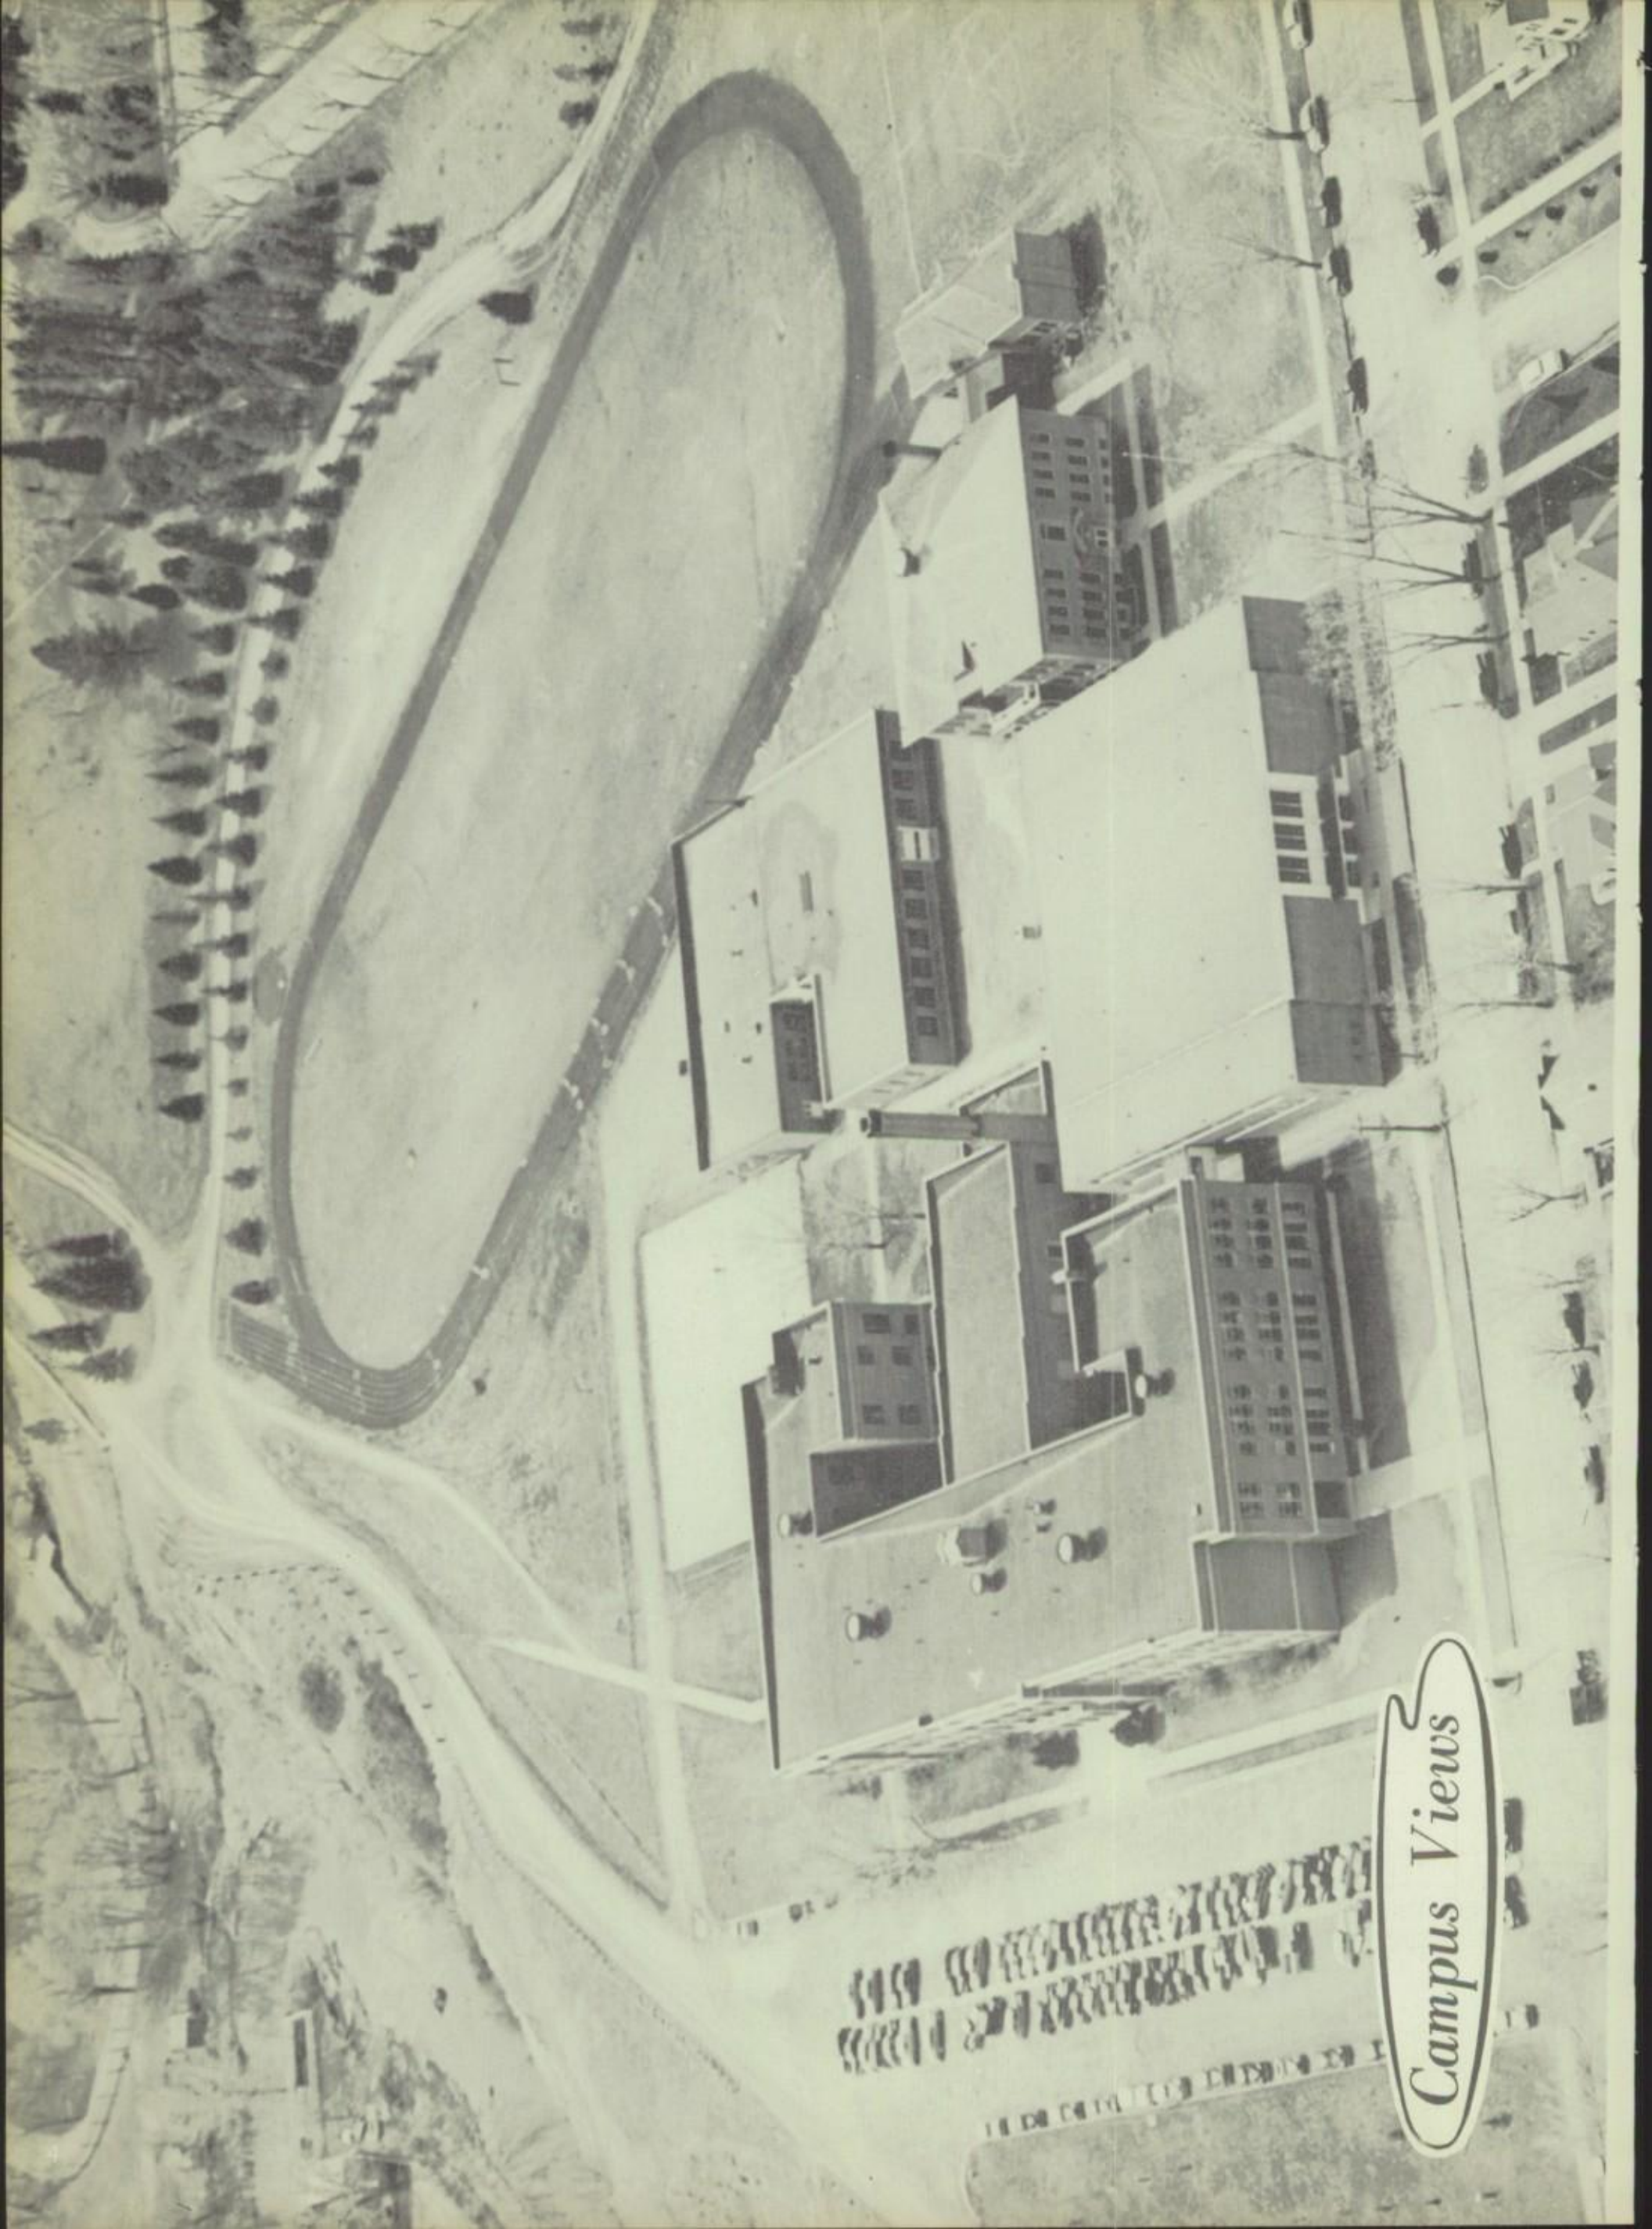

To the students of Sheridan High School, we, the Bronc Staff present this pictorial memory of the events you participated in this past year. May this book hold for you many pleasant memories of this year's school life, and in the future when you look at your Bronc may you think of your fellow students.

Our nation can be proud of its strength of human assets, its men and women, and its vast reservoir of youth who make up our country. Throughout our history we have sought constantly to increase our knowledge, strengthen our character and improve ourselves. In common with other free nations of the world, we do not rely solely on our military might. Our great strength lies in our people and their participation in spiritual, educational and industrial progress.

It is our hope that we have, during your four years at S.H.S., offered you the opportunity to prepare yourself to assume these responsibilities as a citizen in a free land.

Best wishes,

Superintendent

Sheridan High School

Sheridan, Wyoming

The opportunities for educational and cultural advancement are nowhere else so widely distributed as in this country. But even here there are millions upon whom fortune does not smile. There are boys and girls against whom the doors of advancement appear to be closed. The opportunities of life are by no means equal. And herein lies the means by which the students of Sheridan High School may prove their gratitude for the educational opportunities made available through the foresight of the citizens of this community. The period of our lives that we spend in school provides us with the greatest opportunity that we will ever have to prepare ourselves so that we may solve problems of every nature. It may, and does, help us to take care of ourselves in the economic world. It may enable us to make more money. But the greatest gift of education is that enlargement and refinement of the personality which makes it possible for us to produce melody rather than discord when we touch the keyboard of life's experiences.

Members of the National Honor Society are chosen by a student-faculty vote at elections held every spring and every fall. Fall elections are open to members of the senior class only, while spring elections include members of the out-going junior class as well as members of the senior class. Only the upper one-third

of the two classes is eligible to be put on the ballot, and from that group, only a certain percentage of the entire class enrollment can be voted upon. Not only scholarship, but also service, character, and leadership are considered for election to the Honor Society.

Girls' State

Wonderful Wyoming Girls' State is an organization sponsored by the American Legion Auxiliary. This year nine girls were chosen to represent Sheridan County at the sessions in Laramie from the 14th of June to the 20th. These girls were chosen on the basis of their qualifications of character, leadership, and scholarship.

The objective of Girls' State is to inform the girls of their duties, privileges, rights, and responsibilities as American citizens to prepare them to take their place in the functioning of their government.

Sponsoring organizations of the Sheridan County delegates were as follows: P.E.O., Beta Sigma Phi, B.P.W., Eagles Auxiliary, A.A.U.W., Sheridan Junior Woman's Club, Senior Woman's Club, Big Horn Woman's Club, Big Horn Homemakers Club, Clearmont Woman's Club, and Clearmont Men's Club.

Bob Rolston, Lyle Rolston, Gary Christy, Stephen Rogers, Henry Stevens, Boykin Sellers.

Boys' State

The American Legion sent six Sheridan boys to the sixth annual Boys' State held from May 31 to June 5 at Centennial, Wyoming. Roy Powers of Ranchester and Lyle Rolston of Big Horn went with the Sheridan group. Roy Powers of Ranchester and John Donnelly of Sheridan are absent in the picture above.

The aim of Boys' State is to teach boys more about the operation of our state government. The boys were divided into two parties, Frontier and Pioneer, where they held primary and general elections.

Sheridan was very fortunate that John Donnelly was elected Governor of Boys' State, and Gary Christy was elected U. S. Senator. This was a great honor, as they were chosen from more than 150 boys.

The boys were helped in their work by noted attorneys from Laramie and from several state senators.

Hi Pat-

Don't forget all the fun we have had together since we were about 3 yrs old until 16 yrs. It is a long time for two to get along as well as we have.

Don't forget the initiation and meetings and the Spring Dance.

Also at the time we pulled the worm apart.

Ah well such as life! and more fun!

The study of the English language should bring to any student an appreciation of the beauty of our language as well as a knowledge of the correct use of the words. English will help the student throughout his life with the development of the ability to express his thoughts clearly and forcibly.

The study of Latin principally is devoted to increasing the student's vocabulary. In addition, it helps build an understanding and appreciation of the Roman peoples.

Through the study of Spanish, one learns to speak a language of many of the peoples around him. It helps create a sympathetic attitude and tolerance toward the building of a better relationship between nations. Only as we grow to understand each other can the nations become wholly united in peaceful endeavors.

First year bookkeeping deals with the basic principles of sole proprietorships. During the second year the pupils learn the additional principles of partnerships and corporations. Machine posting and calculator drills are taught in a one-semester course. Business posting, income tax, public utility and local taxation problems are a business arithmetic course using no textbooks.

Now where do you put that!

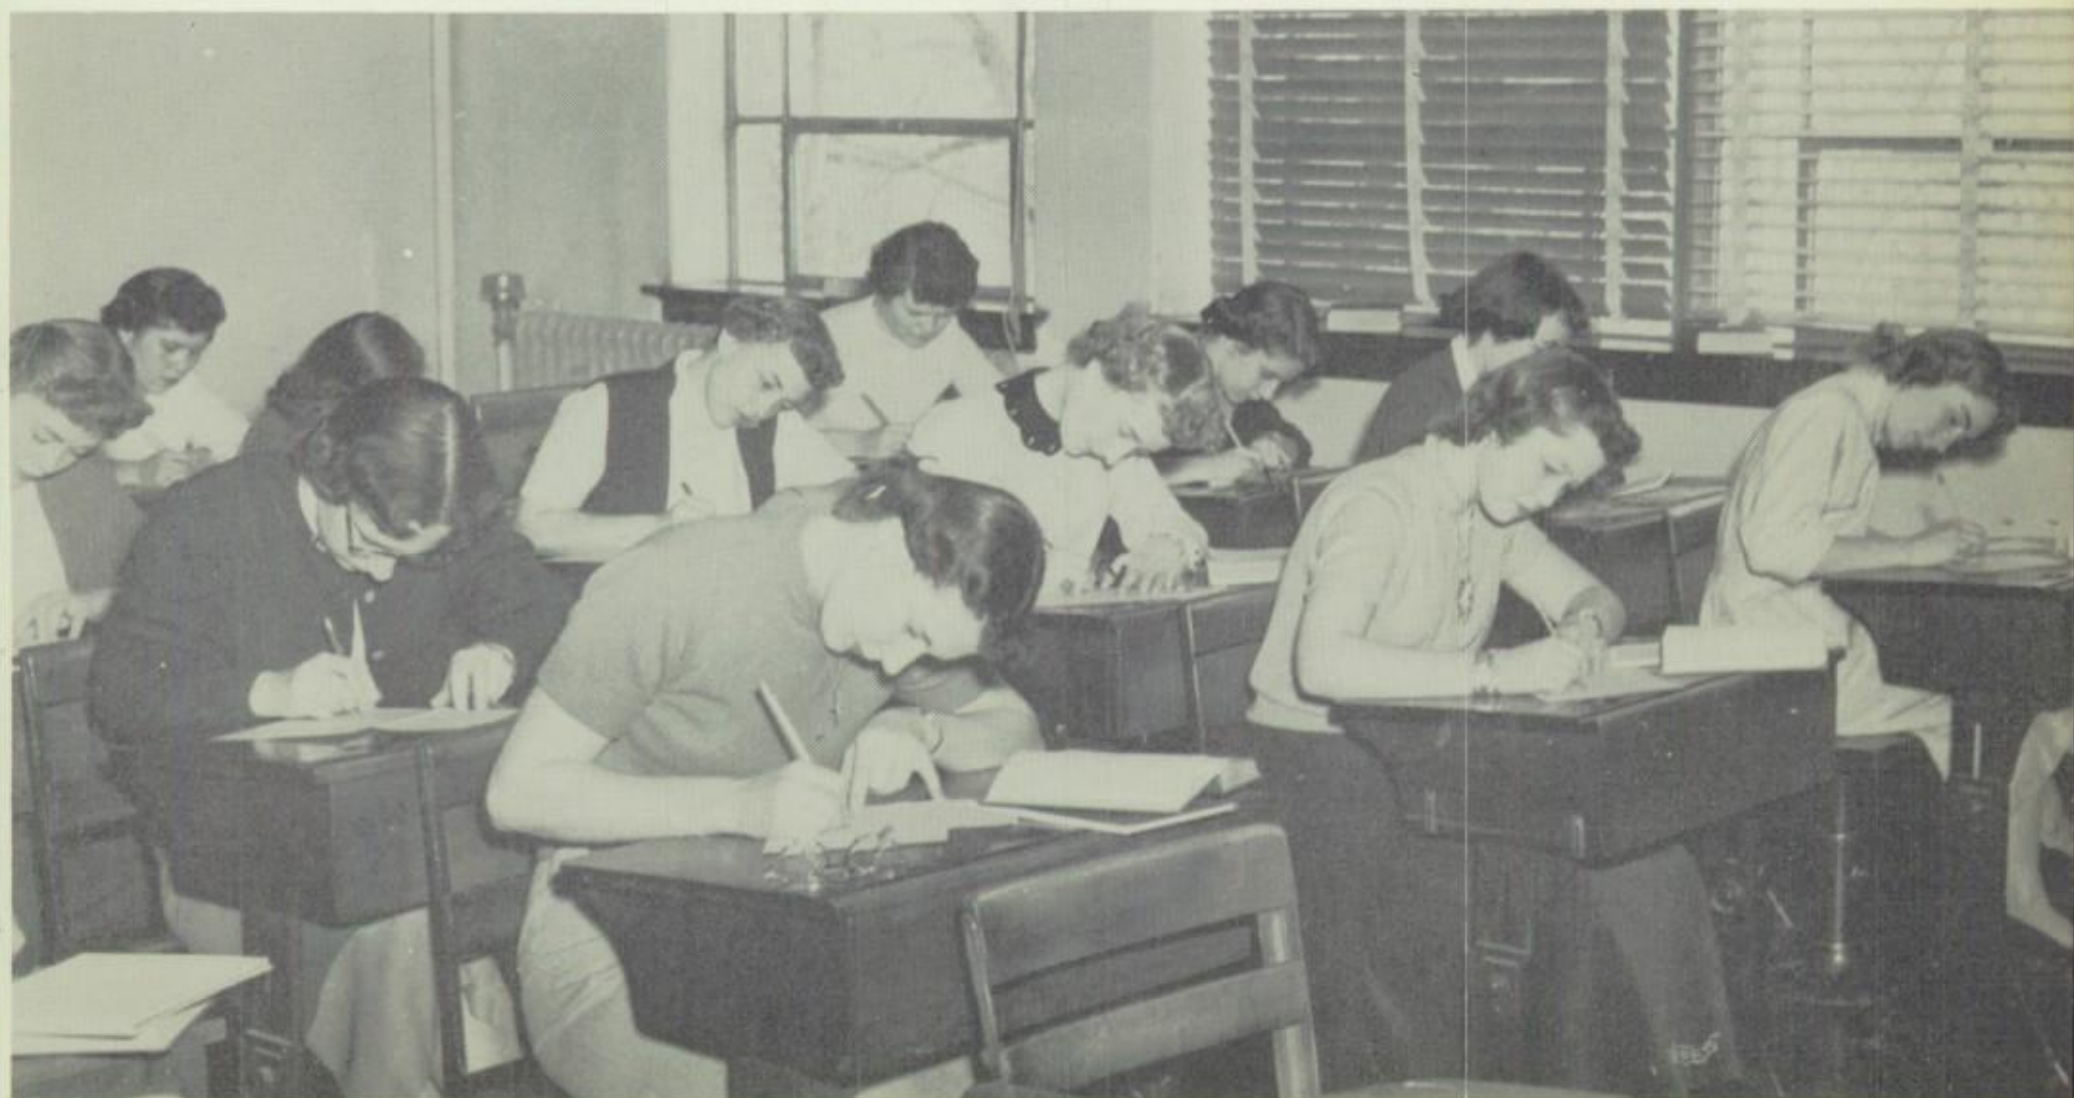

How did that number get in there?

How many errors does this make?

The Typewriting Department is equipped with Underwoods, Smiths, Royals and Remingtons—44 in all. Everyone completing Typing I should be able to do personal typing. One year is recommended for everyone, but second year work only for those planning to use the skill commercially.

In Shorthand I, the pupil learns his basic Gregg shorthand system. Emphasis is on the acquisition of speed and accuracy during this year; while in the advanced work, it is mainly on the development of a commercially salable transcription skill.

O! Please slow down.

Backed by ten returning lettermen and hours of patient practice, the Broncs romped to their second straight AA conference title—and the honor of being first to do so. In holding two-thirds of their opponents scoreless and the other one-third to only 14 points, the Broncs displayed their burly charging line. In scoring over 180 points, they showed their flashy back-field. As an all-round team, they were unusually outstanding, with each man doing his part and more!
